

United Front Forms AGAINST Regime!

HOMEWORKSMP (AP) – In the latest DEVASTATING blow to the bourgeois waitwhatActo regime, a UNITED FRONT, dubbed the Anti-Acto Alliance (AAA), has been formed between the City of Chicago and the Independent Commonwealth of the Far Isle.

The AAA has the goals of CONTINUED OPPOSITION against the tyrannical Acto regime, guaranteeing SECURITY and FREEDOMS for all members via a UNIFIED COLLECTIVE RESPONSE to any and all threats and attacks perpetrated by the regime against any members, the promotion of international cooperation, unity, solidarity, and for the fostering of general goodwill between all members.

"I hope to see less tyranny from Acto with the recent formation of the alliance (...) My wife and I live peacefully (...) but I feel that may change very soon if we don't take matters into our own hands," said Mayor of the City of Chicago Ridgeway+. Chicago used to be just a lowly, decrepit spawn village before being transformed into an actual lived-in city thanks to the efforts of the Mayor and his wife, yunomilesleaks2020, who also took part in the decision to come up with the city's official name.

High Premier of the Commonwealth BlueCreeper512, representing the Independent Commonwealth of the Far Isle, stated that, *"Recent events have necessitated the formation of this alliance" (...) Acto must be kept in check (...) We hope that many more will join the alliance so that we can maintain a truly effective and united front against the despot.*" The Independent Commonwealth of the Far Isle was formed by GrandmasterMud and BlueCreeper512 after they were FORCED TO LEAVE their homes to escape from the autocratic regime's BRUTAL and OPPRESSIVE CRUSHING IRON FIST OF TYRANNY. As such, the two of them are some of the staunchest critics of the regime.

The Anti-Acto Alliance implores those who have remained neutral, and those who have already fallen victim down the pro-regime pipeline, to HEED THE CALL and JOIN THE FIGHT against the autocracy or be THROWN ASIDE into the dustbins of history WHEN THE PEOPLE RISE UP. PEOPLE OF HOMEWORKSMP, UNITE! YOU HAVE NOTHING TO LOSE BUT YOUR CHAINS!

OP-ED: Acacia Park Should Be Nuked

To put this into simple terms, Acto is the greatest evil of all time and he needs to be stopped because currently, he is way too powerful. When he came to our island, he not only robbed me, but killed me as well and I couldn't even put up a fight because he was so powerful. I think Acto thrives on this power too; he likes feeling powerful and he likes that he can control everyone.

So this is why I propose that we must opt for the nuclear option here (literally) and NUKE ACACIA PARK!!! Think about it, the most powerful faction on the whole server WIPED OUT just like that, along with all his hard work and stuff. And also, the best part of all, we KILL Acto in the process!!!

Now you might be thinking, "Well, isn't it like illegal to execute people without a trial?" NOPE!!!!!!!!!! Acto himself said that laws don't apply inside Acacia Park. Remember when he *tried* to execute me without a trial? I would like to encourage EVERY POSSIBLE MEMBER to discuss the nuking of Acacia Park! For all our sakes!!!!!!!!!!

Regime FAILS to Enslave Opposition

HOMEWORKSMP (AP) - After the TOTAL DEFEAT of the last election, tyrant waitwhatActo forcibly nominated anti-regime opponent BlueCreeper512 to do his bidding, luckily, the brave people saw right through the dictator's schemes and BOYCOTTED the election, rendering the results NULL AND VOID after it FAILED to reach the electoral threshold.

We should all be so grateful towards the true patriots that are the people of HomeworkSMP that came to the server's aid in its darkest hour.
